COMPTROLLER OF MARYLAND

BROOKE E. LIERMAN

November 30, 2024

The Honorable Wes Moore, Governor

The Honorable Bill Ferguson, President of the Senate

The Honorable Adrienne A. Jones, Speaker of the House

Dear Gentlemen and Madam:

The "Fees and User Charges" Report of the State of Maryland is submitted as required by Title 2, Section 107 of the State Finance and Procurement Article of the Annotated Code of Maryland. The Report provides information on fees and user charges collected by State agencies for the year ended June 30, 2024. In addition, the Report includes a comparison of actual revenues to the total costs of providing the service or performing the function for which the fees or charges are collected.

The extensive information was compiled by the General Accounting Division based upon reports submitted by various state agencies. We extend our appreciation to all those involved with this effort.

Sincerely yours,

Brooke E. Lierman
Comptroller

V) Notary Public/Oaths	\$1+ up to \$11
W) Passports	\$35
X) Plats	\$5, \$20, \$25

Note: The current structure of fees reflects a movement toward uniformity among jurisdictions.

The structure of fees and costs in the judicial system is complex. Historically, court fee/cost schedules were developed locally to cover the cost of court operations. The complexity of the schedule developed as a result of the growth in the body of laws and the types of cases brought before the court. While the current fee/cost structure reflects the origins of court operations, it does not reflect the original purpose of the fees/costs. Modern court fees and costs typically do not cover the cost of services provision;

therefore, requiring a subsidy from the State general funds. This subsidy pricing structure attempts to avoid unreasonable limitations on access to the judicial system.

The logic that will drive the fee structure of the Circuit Court in the future is one of standardization and consolidation. In standardizing fees, the Circuit Court will alleviate the confusion of trying cases in different jurisdictions. The Administrative Office of the Courts would like to eliminate the smaller fees and raise the initial filing fees. The fees will be designed to recover some of the costs of processing a case, ensure access to the court, and provide a disincentive for frivolous lawsuits. This approach to fee setting may allow a larger portion of fees to be collected by the court, thereby increasing revenues.

In addition to the state component of Circuit Court financing, which is the focus of this report, there is a local component as well. Circuit Courts generate revenue from fines, forfeitures, and certain appearance fees, which are returned to the subdivisions. Fees and charges are also levied for such functions as collection of non-support payments and domestic relations matters. In these cases, revenues are used to support the local governments' costs either of the direct function or other judicial-related functions such as local court libraries. For the period July 1, 2023 through June 30, 2024, the total of these local revenues is approximately \$96,272,476.

Real Property Records Improvement Fund Surcharge/Photocopies fees

APPN: C00A0001B

STATE FEES AND CHARGES

Additional Information

The Circuit Court Real Property Records Improvement Fund is established by (§§13-601-13-606) of the Courts and Judicial Proceedings Article of the Annotated Code of Maryland for the purposes of repairing and modernizing the equipment, and equipment related services in the Land Records offices of the Circuit Courts. The surcharges have been \$40.00 for mortgages, leases, deeds and deeds of trust, with all other instruments being assessed a variable fee of \$10 to \$75, dependent on the quantity of pages in the document. During the 1999 Session, the General Assembly enacted legislation to capture additional Fund revenues from copies made on equipment purchased through the Fund. For the period July 1, 2023 through June 30, 2024, the special fund revenue generated from the surcharge and copy fees totaled \$23,316,710.

The surcharge resembles market pricing in its intent to provide funds to cover the cost of improvements to service delivery at the land records office and in assigning the costs of service expansion to the direct beneficiaries of the service. Despite adding another fee to the land recordation process, the burden of the surcharge is not substantial. Given the fiscal condition of the state, this approach to financing automation of the land records offices seems reasonable.

STATE FEES AND CHARGES

Additional Information

Criminal defendants, in both the Circuit and District Courts, are required to pay costs of the dedicated funds set up to assist the victims and witnesses of crimes. These costs - \$3 for non-jailable vehicle offense, \$20 Criminal Injury Compensation, \$22.50 Victims of Crime, \$2.50 Victim & Witness Protection & Relocation fund for other crimes tried in the District Court, Offenses, and \$45 for other crimes tried in the Circuit Court – are deposited into three funds for victims' programs.

Chapter 455, Acts of 1968, created the Criminal Injuries Compensation Board, to pay unpaid medical expenses and other specific disability payments to individuals injured or killed while preventing crimes, during crimes or in apprehending criminals (Article 27 §815 et seq.). By Chapter 224, Acts of 1993, The Criminal Injuries Compensation Fund was created to fund the awards made by the Board.

By Chapter 165, Acts of 1987, the General Assembly created the Maryland Victims of Crime Fund Accounting (Article 27 §854 (j)), for deposit of defendants' assets resulting from movie deals, book contracts and other contracts relating to, and resulting from, the notoriety of their crimes. After payments to victims, money remaining in the Account was to be used for implementation of statutory guidelines for treatment of victims and witnesses. Chapters 256/257, Acts of 1988, created the State Board of Victim Services (Article 27 §837) to oversee such implementation and to encourage various victim/witness programs and on ratification of Art. 47 of the Maryland Declaration of Rights, charged the Board with implementation of that Article.

Chapter 474, Acts of 1994, created a program for protection of victims and witnesses and for their relocation for that purpose or to facilitate participation in court proceedings (Article 27 §835), together with the Victim and Witness Protection and Relocation Fund (Article 27 §836), for implementation of the program.

The first \$500,000 of the \$3 fee, collected by the District or Circuit Court, is allocated equally between the Maryland Victim of Crime Fund and the Criminal Injuries Compensation Fund, with the latter getting all money above \$500,000.

The \$45 fee collected by the Circuit Court for other crimes is allocated as follows:

\$22.50 to the Maryland Victims of Crime Fund Account

\$2.50 to the Victim and Witness Protection and Relocation Fund

\$20.00 to the Criminal Injuries Compensation Fund

Other Revenue Sources: The Attorney General is to deposit into the Maryland Victims of Crime Fund Account any money remaining in an escrow account, derived from notoriety of crimes contracts with defendants, after payments under Article 27 §854, such as subrogation claims of the State, court ordered restitution, and judgments arising out of the crime.

See also District Court fees.

The District Court Real Property Record Improvement Fund is established by [CJ §§13-601-606] of the Courts and Judicial Proceedings Article of the Annotated Code of Maryland for the purposes of major information technology development projects of the Judiciary Department, as the Administrator considers appropriate. During the 2015 Session, the General Assembly enacted legislation requiring the Chief Judge of the District Court to assess a certain surcharge in certain cases. For the period July 1, 2023 through June 30, 2024, the special fund revenue generated from the surcharge totaled \$2,507,578.

STATE FEES AND CHARGES

Additional Information

Prior to December 7, 2017, according to State Regulations, OPD was required to assess an administrative fee of \$50 or \$25 to applicants for its services, depending on whether the applicant was an adult or juvenile, respectively, regardless of whether the applicant was qualified as a client or any services were provided or the outcome of the case.

Effective December 7, 2017, State regulations no longer require the assessment of administrative fees to applicants for OPD representation.

Home Builder Registration Fee

Business Regulation ArticleSection §4.5-304(a)

(2)§4.5-305(c)(3)

Repealed

By Legislative enactment

Home builders are required to pay a \$800 fee for an initial two year registration with the Home Builder Registration Unit. They pay this amount upon submission of their registration application. Home builders must renew their registration for an additional two year period. The renewal fee is \$800 for a builder who, in the preceding year, had between 11 and 74 permits issued for the construction of new homes and \$400 for a builder who had 10 or fewer permits issued and \$1,200 for builders who had 75 or more permits issued. The renewal fee is submitted with the builder’s renewal application. A home builder who is licensed only in Montgomery County is required to pay a Guaranty Fund administrative fee of \$250.

1/1/2001

Increase in fee schedule effective October 1,2016 as described above, enacted in chapters 705 and 706 (2016)

To pay for the “direct and indirect costs incurred for the administration and enforcement of the Maryland Home Builder Registration Act.” Business Regulation §4.5-203

APPN:E00A0401

STATE FEES AND CHARGES

Additional Information

Fee Schedule

Fees for blocks of 200 permit sequence numbers (\$15,200) are collected upon request for additional permits from the authorized vendor

- A) Temporary Trip Permits:
 - \$76 to obtain travel authority for 15 days, in lieu of obtaining identification markers
- B) Additional Information: Carriers that qualify as IFTA licensees, but do not wish to participate in the IFTA program
 - 1) IFTA licensees who are cancelled must also obtain trip permits for interstate travel. Revoked licensees are ineligible for trip permits.

STATUTORY AUTHORITY	REGULATORY CITATION	METHOD OF CHANGE
IFTA Identification Markers	IFTA Decals	Statute Federal – legislative

Credentials are issued by a motor carrier's base jurisdiction which will allow the IFTA licensee to travel in all IFTA member jurisdictions; the District of Columbia is currently not an IFTA member jurisdiction.

- A) IFTA- annual renewal:
 - 1) Maryland does not charge an annual renewal processing fee for an IFTA license and decals.
 - 2) IFTA decals are automatically issued to licensees in good standing.

Additional Information:

If a Maryland-based carrier that qualifies for an IFTA license and decals has any qualifying motor vehicles which only travel intrastate, the carrier may elect to have both the intrastate and the interstate qualifying motor vehicles issued IFTA decals. In such case, the operation of those intrastate qualifying vehicles will be included on the IFTA tax report. This provision enables the carrier to convert an intrastate vehicle to interstate operations at any time without additional registration.

Wholesaler's license	\$250

Before obtaining the state retail license, the applicant must file for and receive a county license. In all counties except for Cecil, the application fee for the license is \$25. In Cecil County it is \$50. This license must be applied for each year, whereas the state retail license can be renewed for a \$3 fee yearly

Although fees were increased in 1992, the renewal fee was not increased until the 1993 Session. Only new licensees, therefore, were paying the increased fee, while those with licenses only had to pay the \$250 renewal fee. In 1993, the renewal fee was increased to the original license fee for each category of license.

EFFECTIVE MAY, 1993

Cigarette Wholesaler's License	\$750
Cigarette Sub-Wholesaler's License	\$500
Cigarette Vending Machine Operator's License	\$500
Cigarette Retail License Fee collected By County Clerks	\$30
Tobacco License Application Fee	\$200
Tobacco Fee Renewal	\$30

EFFECTIVE OCTOBER 1, 1994

Tobacco Manufacturer's License	\$25
Cigarette Storage Warehouse	\$25

EFFECTIVE MAY, 1 2011 (#B88)

OTP Wholesaler	\$250
OTP Manufacturer	\$25
OTP Storage	\$25

EFFECTIVE OCTOBER 1, 2017

ESD Manufacturer	\$25
ESD Wholesaler Distributor	\$150
ESD Wholesaler Importer	\$150

Additional Discussion:

The Office of the Comptroller collects fees for cigarette licenses under Title 16 of the Business Regulation Article. The fees, which range from \$25 to \$750, were first instituted in 1890 and last changed in 2017. Revenues are intended to be used to administer the title and enforce the Maryland Cigarette Sales Below Cost Act (MCSBCA) and are deposited into a special fund. As of January 1, 2021, the Office of the Executive Director for the Alcohol and Tobacco Commission collects the fees and issues the licenses under Title 16 of BR through RPE.

DEFINITIONS:

In this section, the following words have the meanings indicated:

- A) "Aggregate par value of capital stock" means the sum of the total par value of all classes of stock.
- B) "Corporation" includes a joint stock company.
- C) "Total par value of a class of capital stock" means:
 - 1) For a class of capital stock having par value, the par value per share of stock in the class times the number of authorized shares in the class; or
 - 2) For a class of capital stock not having par value, \$20 times the number of authorized shares in the class.

IMPOSED - THERE IS AN ORGANIZATION AND CAPITALIZATION FEE IMPOSED ON:

- A) The aggregate par value of capital stock of a Maryland corporation that incorporates
- B) An increase of the aggregate par value of capital stock of a Maryland corporation
- C) A consolidation of corporations that results in a Maryland successor corporation that has an aggregate par value of capital stock that exceeds the aggregate par value of the consolidating corporations
- D) A merger of corporations if the successor corporation has an aggregate par value that exceeds the aggregate par value of capital stock of the merging corporations; or
- E) The incorporation of:
 - 1) A Maryland corporation that does not have any capital stock
 - 2) A savings and loan association; or
 - 3) A credit union.

Except as otherwise provided in this section, the organization and capitalization fee is as provided in the following schedule:

Aggregate Par Value of Capital Stock	Fee
Not over \$100,000	\$20
Over \$100,000 but not over \$1,000,000	\$20, plus \$1 for each \$5,000 or \$1,000,000 fractional part of \$5,000 that exceeds \$100,000
Over \$1,000,000 but not over \$2,000,000	\$200, plus \$10 for each \$2,000,000 \$100,000 or fractional part of \$100,000 that exceeds \$1,000,000
Over \$2,000,000 but not over \$5,000,000	\$300, plus \$15 for each \$5,000,000 \$500,000 or fractional part of \$500,000 that exceeds \$2,000,000

Over \$5,000,000

\$390, plus \$20 for each \$1,000,000 or fractional part of \$1,000,000 or fractional part of \$1,000,000 that exceeds 5000000

- F) The organization and capitalization fee is \$20 for the incorporation of:
- 1) A Maryland corporation that does not have any capital stock
 - 2) A savings and loan association
 - 3) A credit union.

FEE FOR INCREASE IN AGGREGATE PAR VALUE OF CAPITAL STOCK.

- A) Except as otherwise provided in this subsection, the organization and capitalization fee for an increase in aggregate par value of capital stock is the fee computed on the aggregate par value including the proposed increase less the fee computed on the aggregate par value excluding the proposed increase.
- B) Except as provided in paragraph (3) of this subsection, the organization and capitalization fee on an increase in aggregate par value of capital stock of a railroad corporation that is incorporated under the laws of this State and any other state is computed by multiplying the fee computed under paragraph (1) of this subsection by the proportion of the total track mileage of the railroad corporation in this State to the total track mileage of the railroad corporation.
- C) The minimum organization and capitalization fee on an increase in aggregate par value is \$20.

FEE FOR CONSOLIDATION OF EXISTING CORPORATIONS

Except as otherwise provided in this subsection, the organization and capitalization fee for the consolidation of existing corporations to form a Maryland successor corporation is the fee computed on the aggregate par value of capital stock of the successor corporation less the fee computed on the combined aggregate par value of capital stock of the consolidating corporations

- P) A nonrefundable processing fee for return of an original document is \$5
- Q) Regulations – For each fee identified under subsection (b) of this section as nonrefundable, the Department shall adopt regulations to specify the conditions under which the fee shall be nonrefundable and the conditions under which the fee may be applied to a resubmission of a document for filing, recording, or processing.
- R) Document return fee credited to fund. – The fee collected under subsection (b)(10) of this section shall be credited to the fund established under § 1-203.3 of this subtitle.
- S) (Annotated Code 1957, article 23, §§ 130, 269; 1975, ch. 311, § 2; 1976, ch. 567, § 2; 1978, ch. 970; 1979, ch. 65; 1980, ch. 296; ch. 578, § 1; 1981, ch.801, § 2; 1982, Section 8-704.
- Registration of ground lease.
- 1) Requirement of registration – Ag Ground lease holder shall register a ground lease with the Department by submitting:
- a) A registration form that the Department requires; and

- b) The registration fee for each ground lease as provided under subsection (c) of this section.
- c) Form; contents. – The registration form shall include:
 - (1) The premise address and tax identification number of the property for which the ground lease was created.
 - (2) The name and address of the ground lease holder
 - (3) The name and address of the leasehold tenant
 - (4) The name and address of the person to whom the ground rent payment is sent
 - (5) The amount and payment dates of the ground rent installments
 - (6) To the best of the ground lease holder’s knowledge, a statement of the range of years in which the ground lease was created
 - (7) The liber and folio information for the current ground lease deed of record
- T) Fee. – The registration fee for a ground lease per ground lease holder is:
 - 1) \$10 for the first ground lease
 - 2) For each additional ground lease:
 - a) \$3 before October 1, 2008;
 - b) \$4 on or after October 1, 2008 and before October 1, 2009; and
 - c) \$5 on or after October 1, 2009. (2007, ch. 290).
- U) Section 8-110 – Redemption of certain reversions.
- V) § 8-110. Redemption of certain reversions.
- W) Applicability of section
 - 1) This section does not apply to leases of property leased for business, commercial, manufacturing, mercantile, or industrial purposes or any other purpose which is not primarily residential, where the term of the lease, including all renewals provided for, does not exceed 99 years. A lease of the entire property improved or to be improved by any apartment, condominium, cooperative, or other building for multiple-family use on the property constitutes a business and not a residential purpose. The term “multiple-family use” does not apply to any duplex or single-family structure converted to a multiple-dwelling unit.
 - 2) Except as provided in subsection (f) of this section, this section does not apply to irredeemable leases executed before April 9, 1984.
 - 3) This section does not apply to leases of the ground or site upon which dwellings or mobile homes are erected or placed in a mobile home development or mobile home park.
 - 4) This section does not apply to an affordable housing land trust agreement executed under Title 14, Subtitle 5 of this article.

- a) For a duplicate of a certificate mentioned in paragraph (5) of this subsection which is issued at the same time as the original, the fee is \$1, and for a copy of any other paper recorded or filed with the Department, the fee is \$1 per page.
 - b) Payment of the redemption amount and up to 3 years' back rent to the extent required under this section and § 8-111.1 of this subtitle, in a form satisfactory to the Department; and
 - c) An affidavit made by the tenant, in the form adopted by the Department, certifying that:
 - (1) The tenant has not received a bill for ground rent due or other communication from the landlord regarding the ground rent during the 3 years immediately before the filing of the documentation required for the issuance of a redemption certificate under this subsection; or
 - (2) The last payment for ground rent was made to the landlord identified in the affidavit and sent to the same address where the notice required under subsection (b) of this section was sent.
- 5) No earlier than 90 days after the application has been posted as provided in paragraph (3) of this subsection, a tenant seeking to extinguish an irredeemable ground rent or to redeem a redeemable ground rent on abandoned or distressed property that was acquired or is being acquired by the Mayor and City Council of Baltimore through condemnation shall provide to the Department:
- a) Payments of up to 3 years' back rent to the extent required under this section and § 8-111.1 of this subtitle, in a form satisfactory to the Department; and
 - b) An affidavit made by the Director of the Office of Property Acquisition and Relocation in the Baltimore City Department of Housing and Community Development certifying that:
 - (1) The property is abandoned property, as defined in § 21-17(a)(2) of the Public Local Laws of Baltimore City, or distressed property, as defined in § 21-17(a)(3) of the Public Local Laws of Baltimore City;
 - (2) The property was acquired or is being acquired by the Mayor and City Council of Baltimore City through condemnation;
 - (3) A thorough title search has been conducted;
 - (4) The landlord of the property cannot be located or identified; and
 - (5) The existence of the ground rent is an impediment to redevelopment of the site.
- 6) At any time, the tenant may submit to the Department notice that the tenant is no longer seeking redemption or extinguishment under this subsection.
- 7) Upon receipt of the documentation, fees, and where applicable, the redemption amount and 3 years' back rent to the extent required under this section and § 8-111.1 of this subtitle, the

Department shall issue to the tenant a ground rent redemption certificate or a ground rent extinguishment certificate, as appropriate.

- 8) The redemption or extinguishment⁶ of the ground rent is effective to conclusively vest a fee simple title in the tenant, free and clear of any and all right, title, or interest of the landlord, any lien of a creditor of the landlord, and any person claiming by, through, or under the landlord when the tenant records the certificate in the land records of the county in which the property is located.
- 9) The landlord, any creditor of the landlord, or any other person claiming by, through, or under the landlord may file a claim with the Department in order to collect all, or any portion of, where applicable, the redemption amount and 3 years' back rent to the extent required under this section and § 8-111.1 of this subtitles, without interest, by providing to the Department:
 - a) Documentation satisfactory to the Department of the claimant's interest; and
 - b) Payment of a \$20 fee, and any expediting fee required under § 1-203 of the Corporations and Associations Article.
- 10) A landlord whose ground rent has been extinguished may file a claim with the Baltimore City Director of finance to collect an amount equal to the annual rent reserved multiplied by 16.66, which is capitalization at 6 per cent, by providing to the Director:
 - a) Proof of payment to the landlord by the Department of back rent under paragraph (9) of this subsection; and
 - b) Payment of a \$20 fee.
- 11) A landlord of abandoned or distressed property condemned by the Mayor and City Council of Baltimore City whose ground rent has been redeemed may file a claim with the Baltimore City Director of Finance to collect the redemption amount, by providing to the Director:
 - a) Redemption of reversions in leases for longer than 15 years. -
 - (1) Except for apartment and cooperative leases, any reversion reserved in a lease for longer than 15 years is redeemable at any time, at the option of the tenant, after 30 days' notice to the landlord. Notice shall be given by certified mail, return receipt requested, and by first-class mail to the last known address of the landlord.
 - (2) The reversion is redeemable:
 - (i) For a sum equal to the annual rent reserved multiplied by:
 1. 25, which is capitalization at 4 percent, if the lease was executed from April 8, 1884 to April 5, 1888, both inclusive:
 2. 8.33, which is capitalization at 12 percent, if the lease was or is created after July 1, 1982; or

3. 16.66, which is capitalization at 6 percent, if the lease was created at any other time;
 - (ii) For a lesser sum if specified in the lease; or
 - (iii) For a sum to which the parties may agree at the time of redemption.
- b) Where reversion is vested in a person without a power of sale. – If a tenant has power to redeem the reversion from a trustee or other person who does not have a power of sale, the reversion nevertheless may be redeemed in accordance with the procedures prescribed in the Maryland Rules.
- c) Applicability of federal regulatory changes. – Notwithstanding subsection (b) of this section, any regulatory changes made by a federal agency, instrumentality, or subsidiary, including the Department of Housing and Urban Development, the Federal Housing Administration, the Government National Mortgage Association, the Federal National Mortgage Association, and the Veterans' Administration, shall be applicable to redemption of reversions of leases for longer than 15 years.
- d) Donation of reversion.
 - (1) Before the entry of a judgment foreclosing an owner's right of redemption, a reversion in a ground rent or lease for 99 years renewable forever held on abandoned property in Baltimore City, as defined in § 14-817 of the Tax – Property Article, may be donated to Baltimore City or, at the option of Baltimore City, to an entity designated by Baltimore City.
 - (2) Valuation of the donation of a reversionary interest pursuant to this subsection shall be in accordance with subsection (b) of this section.
- e) Redemption or extinguishment of ground rents; reinstatement; disputes.
 - (1) A tenant who has given the landlord notice in accordance with subsection (b) of this section may apply to the State Department of Assessments and Taxation to redeem a ground rent as provided in this subsection.
 - (a) When the Mayor and City Council of Baltimore City condemns property that is subject to an irredeemable ground rent, the City shall become the tenant of the ground rent and, after giving the landlord notice in accordance with subsection (b) of this section, may apply to the State Department of Assessments and Taxation to extinguish the ground rent as provided in this subsection.
 - (b) When the Mayor and City Council of Baltimore City condemns abandoned or distressed property that is subject to a redeemable ground rent, the City shall become the tenant of the ground rent and, after giving the landlord notice in accordance with subsection (b) of this section, may apply to the State Department

of Assessments and Taxation to redeem the ground rent as provided in this subsection.

- (2) The tenant shall provide to the State Department of Assessments and Taxation:
 - (a) Documentation satisfactory to the Department of the lease and the notice given to the landlord; and
 - (b) Payment of a \$20 fee, and any expediting fee required under § 1-203 of the Corporations and Associations Article.
- (3) On receipt of the items stated in paragraph (2) of this subsection, the Department shall post notice on its website that application has been made to redeem or extinguish the ground rent.
 - (a) The notice shall remain posted for at least 90 days.
- (4) Except as provided in paragraph (5) of this subsection, no earlier than 90 days after the application has been posted as provided in paragraph (3) of this subsection, a tenant seeking to redeem a ground rent shall provide to the Department:
 - (a) Payment of a \$20 fee.

12) In the event of a dispute regarding the extinguishment amount as calculated under paragraph (10)(i) of this subsections, the landlord may refuse payment from the Baltimore City Director of finance and file an appeal regarding the valuation in the Circuit Court of Baltimore City.

- a) In an appeal, the landlord is entitled to receive the fair market value of the landlord's interest in the property at the time of the extinguishment.

13) In the event of a dispute regarding the payment by the Department to any person of all or any portion of the collected redemption amount and up to 3 years' back rent to the extent required by this section and § 8-111.1 of this subtitle, the Department may:

- a) File an interpleader action in the circuit court of the county where the property is located; or
- b) Reimburse the landlord from the fund established in § 1-203.3 of the Corporations and Associations Article.

14) The Department is not liable for any sum received by the Department that exceeds the sum of:

- a) The redemption amount; and
- b) Up to 3 years' back rent to the extent required by this section and § 8-111.1 of this subtitle.

15) The Department shall credit all fees and funds collected under this subsection to the fund established under § 1-203.3 of the Corporations and Associations Article. Redemption and extinguishment amounts received shall be held in a ground rent redemption and ground rent extinguishment account in that fund.

16)The Department shall maintain a list of properties for which ground rents have been redeemed or extinguished under this subsection.

17)The Department shall adopt regulations to carry out the provisions of this subsection.

18)Any redemption or extinguishment funds not collected by a landlord under this subsection within 20 years after the date of the payment to the Department by the tenant shall escheat to the State. The Department shall annually transfer any funds that remain uncollected after 20 years to the State General Fund at the end of each fiscal year.

Additional Discussion

Section 2-206 of the Estates and Trusts Article states that the Register of Wills in each county and Baltimore City are entitled to charge and collect for the performance of their duties. The fee for this service ranges from \$100 to over \$10,000 depending on the value of the probate estate. In addition, the registers are allowed a commission of 25% of the inheritance tax for receiving and paying over to the State the inheritance tax due. In FY 24, the registers collected \$33.2 million from fees and the 25% commission.

The total cost of operations for the Registers in FY 24 was \$38.4 million.

APPN:J02B0134

STATE FEES AND CHARGES

Additional Information

Trucks at 45 tons or less went from \$15 to \$30

For each ton in excess of 45 tons rose from \$2 to \$5

Blanket permit fees increased from \$40 to \$50 monthly/\$350 to \$500 annually

Book Permits good for 45 tons increased from \$150 to \$300.

Additional Discussion

Operating and capital expenditures for the Department of Transportation are supported by dedicated sources of revenue. The majority of funding is realized from gas and titling tax revenues, miscellaneous fees and taxes, and bond proceeds. Funds are collected and deposited into the Transportation Trust Fund. Expenditures are based on budgetary need

The Annotated Code (Transportation Article §24-112) permits the Department to set fees for hauling overweight cargo at rates which recover the cost of administration and compliance monitoring. This includes the costs of issuing permits, and the capital and operating costs of the truck weight enforcement activities of the Maryland State Police.

For Fiscal Year 2024, fees generated for SHA were \$16,299,688

In addition to the transfers made to the Maryland State Police by SHA, revenues were also distributed by MDOT for their Commercial Vehicle program for Fiscal Year 2024 in the amount of \$28,750,424.00 which includes their part of truck weight enforcement activities.

The Department advises that the fees have not been raised since 1984 in order to keep the rates competitive between those charged by states and competing port operations. The Department meets with representatives of area states on an annual basis to compare fees.

NEW PERMIT FEES EFFECTIVE July 1, 1983:

Weight in pounds	Weight in tons	Amount

Additional Information

- A) Terminal leases - Rates vary depending on contractual terms and any cargo guarantees. World Trade Center leases vary depending on contract terms
- B) Tariff: Dockage - For a 24 hour period or part thereof:
- C) Cargo ships charged the lower of:
 - 1) \$0.30 per net registered ton
 - 2) \$3.65 -8.60 foot of overall length
- D) Passenger ships: per foot \$3.25 (minimum \$1,040 per vessel)
- E) Wharfage Per Vessel Call:
 - 1) Non-containerized cargo per net ton \$1.50 to \$2.50
 - 2) Loaded containers per ton \$1.20 to \$2.40
 - 3) Paper products: \$1.10 per ton, dry bulk \$1.10 per ton, Metal \$1.00 per ton,
 - 4) Imported/export autos per vehicle \$5.95, RORO .62 C per ton
 - 5) Passenger fees \$6.00 per person
- F) Equipment Rental - Vessel use per hour rate:
 - 1) Whirley crane at SLP \$250
 - 2) Container crane at NLP \$400, Manitowac \$1,500, Grove \$1,600
- G) Outside storage \$15,000 - \$28,000 acre per year
- H) Storage shed space - \$3.90 per square foot to \$5 per square foot
- I) Security charge \$6.50 per container, \$1,50 per passenger, or \$2,50 per foot, rail track \$10 per car

Additional Discussion

Operating and capital expenditures for the Department of Transportation are supported by a dedicated source of revenue. The majority of funding is realized from gas and titling tax revenues, miscellaneous fees and taxes, and bond proceeds. Funds are collected and deposited into the Transportation Trust Fund. Expenditures are based on budgetary need. The Department does not generally consider the costs associated with service provision when determining fee levels.

The Maryland Port Administration derives revenues primarily from terminal facility acreage or large cargo storage sheds usually via terminal leases, vessel dockage, cargo wharfage, crane rentals, World Trade Center office leases, and cruise revenues including parking and security fees. Because the Port of Baltimore competes for business with other ports in the region, the fees negotiated reflect market value for the various services provided.

Many marine terminal customers have long term leases that provide pricing incentives (i.e. when volume of cargo exceeds pre-determined levels, and for the longer term commitment) or minimum annual guarantees.

Additional Discussion:

The Motor Vehicle Administration collects four different categories of fees: titling/registration fees, driver and regulatory licensing fees, vehicle emissions inspections fees (VEIP), and miscellaneous fees. Revenues from all fees are deposited into the Transportation Trust Fund TR §3-216. Titling and registration revenues go to support the special fund. Revenues from miscellaneous fees, which are set by the administration, are mandated to cover no less than 95% and no more than 100% of the administration's operating costs. This mandate has been issued by the General Assembly via budget bill language since the 1991 legislative session.

Vanity Plates	7/1/01	\$25	Annual fee in addition to registration \$50 7/1/11
Vintage Plates	1/1/14	\$80	Annual fee in addition Registration \$10 1/1/14

ADDITIONAL DISCUSSION

Commemorative Plates:

Agriculture Plate – A \$20 fee is paid upon issuance of the plate. Of the \$20, \$10 goes to MVA and the other \$10 to the Agriculture Foundation. First issued 7/01/01.

Chesapeake Bay Plates - A \$20 fee is paid upon issuance of the plate. Of the \$20, \$10 goes to MVA and the other \$10 to the Chesapeake Bay Foundation. First issued 1/1/91.

Uninsured Motorists Fees §17-106 - Drivers not covered by auto insurance are charged \$150 for the first month of being uninsured and \$7 each additional day, up to \$2,500. The MVA receives 30% of the fines and the remaining 70% is allocated to the School Bus Safety Enforcement Fund, the Vehicle Theft

Prevention Fund, the Maryland Automobile Insurance Fund (MAIF), and the General Fund. Prior to June 1, 1996, the MVA received 10% of the first \$150 and 50% of all fines collected over \$150. The non-MVA allocated fine revenue was distributed to the Theft Prevention Program, the MAIF, and the General Fund prior to June 1, 1996.

SCHEDULE OF VEHICLE REGISTRATION FEES

The fees listed below are the biennial rates for vehicle registration in Maryland unless otherwise noted. Beginning with 1993, registration in Classes A, B, C, D, E, F, H, J, M, P, Q and R, are conducted biennially. For example, a typical passenger car would cost the owner \$135 for registration every two years (\$50.50 fee plus \$17.00 surcharge = \$64 per year x 2 years = \$135.00).

Class	Fee	Date	Surcharge	Date

Additional Information

Effective June, 1989, the vehicle inspection was changed from an annual requirement to biennial.

ADDITIONAL DISCUSSION

Operating and capital expenditures for the Department of Transportation are supported by dedicated sources of revenue. The majority of funding is realized from gas and titling tax revenues, miscellaneous fees and taxes, and bond proceeds. Funds are collected and deposited into the Transportation Trust Fund. Expenditures are based on budgetary need.

Revenues generated by the Vehicle Emissions Inspection Program are part of the administration's miscellaneous fees. Capital costs for the enhanced VEIP will be provided by the Transportation Trust Fund.

ADDITIONAL DISCUSSION

Operating and capital expenditures for the Department of Transportation are supported by dedicated sources of revenues. The majority of funding is realized from gas and titling tax revenues, federal fund reimbursement, miscellaneous fees and taxes, and bond proceeds. Funds are collected and deposited into the Transportation Trust Fund. Expenditures are based on budgetary needs. The Department does not generally consider the costs associated with service provision when determining fee levels.

The fee structure for the Maryland Transit Administration is adjusted periodically to allow sharing of the cost of the system between two groups.

(1) Riders - the direct beneficiaries who benefit from the convenience of the system itself and riders paying at the fare box.

(2) Motorists - the indirect beneficiaries who benefit from the reduced traffic load on highways and pay via gasoline taxes.

The rates charged by the Maryland Transit Administration are also adjusted for certain riders. Discounts are available through daily, weekly or monthly unlimited use passes. Senior citizens and the disabled receive a two-thirds discount on a single ride in the Baltimore region. The discount partially mitigates hardship to these riders. Also, there are limited programs available through other State agencies. In addition, free ridership for state employees was initiated in spring 2001, to reduce vehicle congestion and environmental impact. Each agency is budgeted for and remits funding to the Transportation Trust Fund to replace lost revenue

There is no regulatory citation for the fees charged. Schedules are maintained in the MTA schedule of tariffs. Proposed fee modifications are not subject to legislative review or publication in the Maryland Register, but do require publication in the newspapers and at agency facilities followed by public hearings

Miscellaneous operating revenues (e.g., advertising space, leased space in and above metro stations, building and land rental, BWI parking) are market-based.

MARYLAND DEPARTMENT OF TRANSPORTATION

Operating and capital expenditures for the Department of Transportation are supported by dedicated sources of revenue. The majority of funding is realized from gas and titling tax revenues, miscellaneous fees and taxes, and bond proceeds. Funds are collected and deposited into the Transportation Trust Fund. Expenditures are based on budgetary need. The Department does not generally consider the costs associated with service provision when determining fee levels.

MARYLAND AVIATION ADMINISTRATION

As the fee summary schedule below indicates, aircraft landing and parking fees constitute the largest revenue category for the Maryland Aviation Administration. Landing fees and terminal rents are based on recovery of operating and capital costs. Other fees charged are market-based. The Annotated Code (Transportation Article §5- 408 (b)(2)(ii)) states that fees are "to be reasonable. In determining reasonableness, the Administration shall consider the charges, fees or prices for the same goods or services at comparable airports". Fees, which are reviewed annually, are generally based both on volume of activity (e.g., number of passengers, number and weight of aircraft using facilities) and volume of facilities used (e.g., per square footage of ticket counter space). Although the market-based fees are not tied to service expenditure levels, they do provide the flexibility necessary to maintain competitive pricing.

There is no regulatory citation for the fees charged. Schedules are maintained in the BWI Tenant Directive and the Maryland Aviation Administration Rate and Leasing Policy. Proposed fee modifications are not subject to Legislative review or publication in the Maryland Register. Current fees were last modified July 1, 2024 BWI and Martin State Airport.

Summary of Revenue Sources

Transportation Trust Fund (TTF)

BWI Thurgood Marshall Airport	FY 22	FY24

Maryland Egg Law Registration, inspection and collection fees imposed upon packers and distributors of shell eggs.

APPN: L00A1203

STATE FEES AND CHARGES

Additional Information

RATE OF FEE:

- A) A \$30 annual registration fee is paid by packers and distributors of shell eggs. A packer or distributor who keeps 3,000 or fewer chickens and sells eggs only from those chickens is required to register but is exempt from fees.
- B) An inspection fee of 8 cents per 30 dozen cases of sold or delivered shell eggs and a quarterly report detailing the number of shell eggs sold, is due each quarter from packers and distributors. A packer or distributor who keeps less than 3,000 chickens and sells eggs only from those chickens is exempt from filing the report and submitting the fees.
- C) If a packer or distributor fails to file a quarterly report and not pay the required inspection fee, then a collection fee is imposed in the amount of ten percent (10%) of the unpaid inspection fee due or \$100, whichever is greater.

DATE AND AMOUNT OF LAST CHANGE:

Chapter 542; Acts 1993 -- The annual registration fee was raised from \$15 to \$30 annually effective January 1, 1994. The fee exemption threshold, which is based on the number of chickens kept by a packer or distributor, was raised from 50 chickens to 3,000 chickens effective July 1, 1993. The collection fee provision became effective July 1, 1993.

STATE FEES AND CHARGES

Additional Information

Stable License and the Stable inspection fees do not coincide with Title §2-711, Title §2-713 of the Agriculture Article. According to the Agriculture Article, Title §2-712 is clear as to the annual license fee "renewal" equaling \$50, however, there is no explicit reference for a fee when an applicant makes an initial application for a license under Title §2-711. Fiscal year 2003 was the first year of new funding source from feed sales under Title § 6-107.2.

See Title 16.01.04F. (c) (ii)

STATE FEES AND CHARGES

Additional Information

Boiler/Pressure Vessels: Public Safety Article 12§901-9-919-authorized around 1939.

Elevators: §§12-801-816 Public Safety Article– First authorized 1974.

Amusement Rides: Business & Regulation Article 3-101 to 3-601 – First authorized 1976.

- A) Special Inspections: Fees are assessed for special inspections to determine compliance consistent with the following schedule:
- | | |
|-----------------------------|-------|
| 1) Half-day (up to 4 hours) | \$250 |
| 2) Full day (up to 8 hours) | \$500 |
- B) Compliance verification inspection: \$50
- C) An authorized insurer providing insurance coverage for boilers and pressure vessels is charged the following fees for inspections performed by commissioned inspectors:
- | | |
|---|----------------|
| 1) Inspection report filing fee if not filed electronically | \$5 per report |
|---|----------------|
- D) Special Inspector Commission Fees:
- | | |
|---|------|
| 1) Competency exam or re-exam | \$50 |
| 2) Special inspector commission | \$50 |
| 3) Special inspector commission renewal or replacement or identification card | \$50 |
- E) The owner or lessee of an elevator, dumbwaiter, escalator or moving walk may be assessed an inspection fee if a State inspector concludes that newly installed equipment scheduled for a final acceptance inspection fails to meet the applicable safety codes or has not been tested or is not functional. The owner or lessee of such equipment may also be assessed an inspection fee if a follow-up inspection is required on an annual inspection to ensure compliance with corrections detailed on the inspection checklist. The inspection fee schedule is as follows:
- | | |
|-------------|---------------------------|
| 1) Half day | up to not to exceed \$250 |
| 2) Full day | up to not to exceed \$500 |
- F) The Commissioner may authorize third party qualified elevator inspections to perform certain inspections. These third party inspectors must register with the Commissioner prior to obtaining authorization. The fee to register as a third party qualified elevator inspector is as follows:

Additional Discussion

The amusement ride and elevator inspections done by the Division of Labor and Industry help protect the safety of the general public. Funding for these inspections is generated by assessments on insurance companies collected by the Workers' Compensation Commission. Insurance companies merely pass along the costs by charging higher premiums to their customers. Since the purchasers of insurance would be liable for any injuries, they are actually the prime beneficiaries of the inspections.

The General Fund is reimbursed only for the special and for indirect costs. Inspections are done on an annual basis.

Boiler and pressure vessel inspections are undertaken by the Division of Labor and Industry to ensure the safety of the population. The inspections were undertaken after a series of incidents that endangered significant elements of the population. The costs of the examinations are borne by the owners of the boilers, who receive much of the benefit for the inspections as they would be held responsible for injuries

incurred due to accidents. The fees are set at a sufficiently low level so as to impose no significant hardships on the owners.

Certificates of inspection are valid for 12 to 24 months, depending on the type of equipment.

Inspections on elevators, dumbwaiters, escalators and moving walks are conducted by State inspectors without charge provided the owner or lessee ensures the equipment is installed and maintained to applicable safety codes and regulations. If the equipment is not in compliance, requiring a subsequent inspections from the State inspector, then the owner or lessee is charged an inspection fee.

ELEVATOR CITATION PENALTIES-PRIVATE SECTION.

- A) An owner shall hire a third-party qualified elevator inspector to conduct all periodic annual inspections that are required by the safety code.
- B) An inspection by a third-party qualified elevator inspector shall ensure that the elevator unit complies with the safety code and other regulations adopted by the Commissioner.
- C) After an inspection or investigation, the Commissioner determines that, within the immediately preceding 6 months, an elevator unit is in violation of the safety code or another regulation adopted by the Commissioner, the Commissioner shall issue a citation to the owner.
- D) If, after investigation, the Commissioner determines that an owner violated the safety code or a regulation adopted by the Commissioner, the Commissioner may assess and collect a civil penalty of up to \$5,000 for each elevator unit in violation of the safety code or regulations.
- E) An owner shall hire a third-party qualified elevator inspector to conduct all periodic.
- F) An inspection by a third-party qualified elevator inspector shall ensure that the elevator unit complies with the safety code and other regulations adopted by the Commissioner.
- G) After an inspection or investigation, the Commissioner determines that, within the immediately preceding 6 months, an elevator unit is in violation of the safety code or another regulation adopted by the Commissioner, the Commissioner shall issue a citation to the owner.
- H) If, after investigation, the Commissioner determines that an owner violated the safety code or a regulation adopted by the Commissioner, the Commissioner may assess and collect a civil penalty of up to \$5,000 for each elevator unit in violation of the safety code or regulations.
- I) An owner shall hire a third-party qualified elevator inspector to conduct all periodic annual inspections that are required by the safety code.
- J) An inspection by a third-party qualified elevator inspector shall ensure that the elevator unit complies with the safety code and other regulations adopted by the Commissioner.
- K) After an inspection or investigation, the Commissioner determines that, within the immediately preceding 6 months, an elevator unit is in violation of the safety code or another regulation adopted by the Commissioner, the Commissioner shall issue a citation to the owner.
- L) If, after investigation, the Commissioner determines that an owner violated the safety code or a regulation adopted by the Commissioner, the Commissioner may assess and collect a civil penalty of up to \$5,000 for each elevator unit in violation of the safety code or regulations.

Additional Information

The Maryland Occupational Safety and Health (MOSH) program's responsibility is to ensure, as far as possible, a safe workplace for Maryland workers. Consultation and training services are also provided to Maryland employers at no direct cost. Funding for this program consists of four federal grants; two of which require 50% state funds and one requiring only 10% state funds. Program costs are obtained from the Worker's Compensation Commission, through an assessment on insurance companies Funds collected are not fees, but penalties paid by employers found to be in violation of Occupational Safety and Health laws, regulations or adopted standards.

Additional Information

The Maryland Occupational Safety and Health (MOSH) program's responsibility is to ensure, as far as possible, a safe workplace for Maryland workers. Consultation and training services are also provided to Maryland employers at no direct cost. Funding for this program consists of four federal grants; two of which require 50% state funds and one company requiring only 10% state funds.

Program costs are obtained from the Worker's Compensation Commission, through an assessment on insurance companies.

Funds collected are not fees, but penalties paid by employers found to be in violation of Occupational Safety and Health laws, regulations or adopted standards.

ADDITIONAL DISCUSSION

The State Board of Barbers, established by §4-201 of the Business Occupations and Professions Article, licenses and regulates barbers in order to ensure that licensees have the experience and knowledge necessary to practice safely and with the degree of expertise indicated by the license.

All revenues received by the Department of Labor, Licensing and Regulation under Title 4 of the Business Occupations and Professions Article are paid into a special fund. The Board is required to set fees (by regulation) so as to cover the direct and indirect expenses of regulation §4-206. Staggered licenses are in place as of 1999.

Duplicate Licenses: Owner, Master & Barber \$25, Apprentice \$10.

Original application has a \$25.00 non-refundable fee, so technically costs \$200.00 or \$300.00

Expected Proposals for new fees in this or related area: Fee regulations to cover renovator mechanics, renovator contractors and accessibility lift mechanics

ADDITIONAL DISCUSSION

The Elevator Safety Review Board is established through Title 8, Subtitle 12 of the Public Safety Article of the Annotated Code of Maryland to assure the entry level and ongoing competence of elevator mechanics and contractors. This is accomplished the Board's activities regarding the qualification, licensure antiregulation the individuals and businesses providing these services. Beyond the societal benefits of regulation, practitioners benefit from a known set of qualifying requirements and the restriction of competition within the trade.

Effective 2015, all examinees, regardless of category, pay an examination fee of \$65 directly to the state's examination vendor.

ADDITIONAL DISCUSSION

The State Board of Stationary Engineers, regulated by Title 6.5 of the Business Occupations and Professions Article, Annotated Code of Maryland, licenses and regulates those who desire to operate steam and power generators, heating plants and boilers, in order to safeguard the general public and promote the safe operation of such plants and machinery. The benefits associated with this regulation are primarily public in nature.

By law, revenue must be deposited in the special fund and shall be at least equal to the direct and indirect costs associated with the operation of the regulatory program. FY 2006 was the first year of the new Board's operation. Fees were set at a level to recover estimated direct and indirect costs.

Additional Information

The Department of Labor, Licensing and Regulation regulates secondhand precious metal object dealers and pawnbrokers (Business Regulation Article, Title 12). To deal in these areas, one must receive a license from the Department. Licensing ensures that licensees will be cooperative with efforts to recover stolen materials.

The cost of applying for a license was raised in 1991 from \$200 to \$300, and background checks were instituted, which cost \$42 per employee. The renewal fee increased from \$200 every other year to \$300 in 1991, but the re-codification of the Business Regulation Article reduced it back to \$200. Fees for original licenses and renewals were reduced to \$75 in 1997. These fees were increased to \$265 during the 2011 Legislative Session. Fee collection for criminal background checks were transferred to CJIS in 1997. In 2011, fees increased to \$300 for initial licenses and \$265 for renewal licenses.

ADDITIONAL DISCUSSION

The State Board of Architects, established by §3-201 of the Business Occupations and Professions Article, licenses and regulates architects in order to safeguard life, health, public safety and property and to promote the public welfare.

Effective July 1, 2003, the fund status of this Board was changed to special fund as it became part of the Occupational and Professional Licensing Design Board's Fund.

Non-examination related revenues and expenditures for five designed regulatory Boards were clustered in one operational fund. Boards were granted fee setting authority and equalized the primary original and renewal licensing fees for all Boards at \$78. This was reduced to \$68 effective April 9, 2007. Revenues are required to cover direct and indirect costs of operating the cluster as certified by the Secretary of Department of Labor, Licensing & Regulation (DLLR).

ADDITIONAL DISCUSSION

The State Board for Professional Engineers, established by {14-201 of the Business Occupations and Professions Article, licenses and regulates professional engineers in order to safeguard life, health and property and to promote the public welfare.

Effective July 2003, the fund status of this Board was changed to special fund as it became part of the Occupational and Professional Licensing Design Board's Fund.

Non-examination related revenues and expenditures for five design regulatory Boards were clustered in one operational fund. Boards were granted fee setting authority and equalized the primary original and renewal licensing fee for all Boards at \$78 which was reduced to \$68 effective March 12, 2007. Revenues are required to cover the direct and indirect costs of operating the cluster as certified by the Secretary of LABOR.

ADDITIONAL DISCUSSION

The State Board of Public Accountancy, established by §2-201 of the Business Occupations and Professions Article, licenses and regulates certified public accountants in order to establish a high standard of integrity and dignity for practicing certified public accountancy

Fees collected by the Board are deposited into special fund accounts. Fees collected for applications, licenses and service fees are deposited in the State Board of Public Accountancy Fund (Ref. §2-106.5 of the Business Regulation Article) are used to offset the direct and indirect cost to operate the Board. Costs of the Board are relatively constant. Registration fees collected for sections of the Uniform CPA Examination are deposited in Board's examination special fund. These fees are used exclusively to offset the expenses incurred by the Board for the administration, proctoring, grading and any other expenses associated with the examination.

STATE FEES AND CHARGES

Additional Information

The State Board of Pilots, established by §11-201 of the Business Occupations and Professions Article, licenses and regulates pilots operating in Maryland waters. The Board is responsible for ensuring that safe pilotage is provided.

The disposition of remaining funds is not specified in statute, but in practice it goes into a special fund for the Board. As licensing fees are the primary source of revenue for the Board, these fees must cover expenses.

Since the Board's compensation must be covered, the Board may require flexibility in setting its fees. Because, over a two-year period, revenues are so much greater than the total expenditures for the Board, flexibility is not needed at the current time, although the fees are set in statute (BOP §11-406) so the Board has relatively less leeway than otherwise possible. The unlimited license fee increased from \$400 to \$600 in 1989, while the limited licenses have been changed since at least 1984.

ADDITIONAL DISCUSSION

The State Board of Examiners of Landscape Architects, established by §9-201 of the Business Occupations and Professions Article, regulates and licenses landscape architects in order to safeguard public welfare, health and property and to promote the public good. It had been the case that statute required all authorized expenses of the Board be payable only from monies collected by the Board. This requirement was changed in 1992, however, when all revenues became general fund revenues. Effective July 1, 2003, the fund status of this Board was again changed to special fund as it became part of the Occupational and Professional Licensing Design Board's fund. Non-examination related revenues and expenditures for five design regulatory Boards were clustered in one operational fund. Boards were granted fee setting authority and equalized the primary original and renewal licensing fees for all Boards at \$78 which was reduced to \$68 effective May 7, 2007. Revenues are required to cover the direct and indirect costs of operating the cluster as certified by the Secretary of DLLR.

**Contracted Vendor for Examination Administration March, 1992. New contract awarded July 2009.*

ADDITIONAL DISCUSSION

The State Board of Cosmetologists, established by {5-201 of the Business Occupations and Professions Article, licenses and regulates cosmetologists and those in similar occupations in order to ensure that licensees have the experience and knowledge necessary to practice safely and with the degree of expertise indicated by the license.

All revenues received by the Department of Labor, Licensing and Regulation under Title 5 of the Business Occupations and Professions Article are paid into the special fund. The Board is required to set fees (by regulation) so as to cover the direct and indirect expenses of regulation §5-205. Costs of the Board are relatively constant. Staggered licenses were implemented in 1999.

ADDITIONAL DISCUSSION:

The Maryland Home Improvement Commission was established by Article 56, Section 250 in 1962. The Commission licenses and regulates home improvement contractors and salespersons to ensure that consumers dealing with these licensees are afforded protection under the law. An applicant for a contractor's or salesperson license must pass an examination as required since 1979 under Article 56, Section 257D. Pursuant to Section 8-302(g), Business Regulation Article, the Commission may use a testing service to administer the required examinations. The Home Improvement Guaranty Fund, established by Article 56, Section 277A in 1985, compensates homeowners for losses due to poor, unworkmanlike, inadequate or incomplete work by licensed contractors. Each contractor pays an initial fee of \$100 into the Fund in addition to the licensing fee and a \$125 assessment at every license renewal. Over the last fifteen years the assessment at renewal has fluctuated between \$50 and \$150. Renewal assessments are evaluated by the Commission and the Department every two years, based on the current fund balance, pending claims and past claims pay-out rates. Effective January 1, 2016, the renewal assessment was decreased to \$125. All revenues from license fees received by the Department of Labor, Licensing and Regulation under Title 8 of the Business Regulation Article are paid into the general fund. Costs of the Commission are relatively constant and since the initiation of staggered license expiration dates in 1999, revenues have remained consistent. Original licenses issued after April 2000 must be renewed every two years from the date of issuance of the original license. This has eliminated the previous revenue fluctuation when the expiration of all licenses was on the same two-year cycle. The costs of the program are by licensees, and the cost associated with regulation may be passed on by licensees to consumers. In 2011, fees for original and renewal licenses were raised by \$25 and an application fee of \$20 was added for new applicants.

ADDITIONAL DISCUSSION

The Real Estate Commission, established by §17-201 of the Business Occupations and Professions Article, licenses and regulates real estate brokers and salespeople to ensure that licensees have the experience and knowledge necessary to practice competently.

Through June 30, 2006, all revenues received by the Department of Labor, Licensing and Regulation under Title 17 of the Business Occupations and Professions Article are paid into the general fund. Effective July 1, 2006 all revenues, except penalties and fines shall be deposited in the Real Estate Special Fund. Title 17 as amended establishes that these revenues must be sufficient to cover the direct and indirect cost of licensing and regulatory program for Real Estate Professionals.

University System of Maryland
Tuition and fees

Description of Fees:

Tuition and fees

Statutory Authority:

Education 12-109

Regulatory Citation:

None

Method To Change:

Board of Regents Action

Rate or Amount of Fees:

See attachment.

Date Fees First Authorized:

June, 1993, updated January, 2007

Date of Last Change:

June 2024

Amount of Last Change:

Purpose of Fees:

T&F-Help support the cost of higher education. Auxiliary fees for dormitories, dining halls, parking, etc., generally cover the full cost of the service.

FY 2024 Revenues:

\$2,583,892,613.00

Fund that Revenues are Credited To:

Current Unrestricted Fund

Other Revenue Sources for the Special Fund:

N/A

Amount of Associated Expenditures:

\$5,297,764,128.00

Nature of Associated Expenditures:

Total Unrestricted Revenue (Fund 40)

Budget Codes:

R46B3600

Amount of Other General or Special Funds Used for Same Expenditures:

Amount	Type of Cost
\$1,978,694,365.00	Direct
\$108,937,594.00	Direct
\$712,705,640.00	Direct

*Auxiliary fees for students attending Towson University North East or TUNE are one-half the main campus rate. Students taking classes at Hagerstown and other locations, (with the exception of TUNE) with a greater than 25 mile radius from the main campus pay only the technology fee and the auxiliary services construction fee.

**These students pay the annual standard tuition and mandatory fees above PLUS the annual differential pricing rate. In-State and Out-of-State undergraduate students pay the same differential pricing rate.

***Joint degree with University of Baltimore (UB) for the MS is charged and billed through UB

****Includes residents of the District of Columbia, Northern Virginia (counties of Arlington, Clarke, Culpeper, Fairfax, Fauquier, Loudon, Prince William, Rappahannock, Spotsylvania, Stafford, and Warren and cities of Alexandria, Fairfax, Falls Church, Fredericksburg, Manassas and Manassas Park, Southern Pennsylvania (counties of Adams, Chester, Lancaster, and York), and Delaware (all counties).

STATE FEES AND CHARGES

Additional Information

BALTIMORE CITY COMMUNITY COLLEGE TUITION AND FEES

Tuition and academic fees at Baltimore City Community College are one of the State's lowest when compared to other Maryland community colleges. Effective Fall 2019 semester, in-state tuition and fees are \$3,314 per year for full time students (\$110 per credit hour) and \$7,394 for non-residents (\$280 per credit hour). Annual tuition fees for full-time State residents enrolled at Baltimore City Community College are among the lowest of any Maryland Community College.

An applicant must take all necessary steps to prevent nontidal wetland losses by evaluating project designs that avoid impacts. Based on this evaluation of alternatives, if MDE finds that impacts are necessary and unavoidable, the applicant must utilize the project design that will minimize nontidal wetland impacts and provide appropriate mitigation for those impacts. Mitigation means that the applicant must replace lost wetland acreage, function and value. This is usually accomplished by requiring the creation of new wetlands, restoration of relic wetlands, enhancement of degraded wetlands or some acceptable combination. If the Department determines that mitigation for nontidal wetland losses by the applicant is not a feasible alternative, MDE may also accept monetary compensation. Funds collected by the Department are used to create, restore or enhance nontidal wetlands.

Mitigation requirements are determined using criteria established by the Department, including acreage replacement ratios. Once the appropriate replacement acreage has been calculated, MDE applies the fee structure presented above.

Mitigation is a requirement of a Nontidal Wetland Permit issued by MDE. The Department may accept compensation only if it is determined that creation, restoration, or enhancement of Nontidal Wetlands are not feasible alternatives.

Maryland Department of the Environment
MD Clean Water Fund Fees

APPN: U00A0401

Agency:	Maryland Department of the Environment Wetlands and Waterways Program Fund
Description of Fees:	Water & Science Administration, Wetlands and Waterways Program
Statutory Authority:	§5-203.1, Environment Article Annotated Code of Maryland
Regulatory Citation:	
Method To Change:	Statutory Amendment
Rate or Amount of Fees:	The application fee that MDE charges an applicant is based on whether a project is considered to be a minor or major project. All applications require a minimum application fee of \$750. Major projects (i.e., those that involve more than 5,000 square feet of permanent impact, require a public notice, or potentially impact a nontidal wetland of special State concern) are assessed an additional impact fee of \$750 or more based on the impact area in acres. The actual fee schedule is presented in the attached table.
Date Fees First Authorized:	July 1, 2008
Date of Last Change:	July 1, 2012
Amount of Last Change:	See Supplement A March 18, 2001 Administrative penalties were added
Purpose of Fees:	Fees authorized in 2008 enabled MDE to enhance the Wetlands and Waterways Program's resource management and conservation capabilities and strengthen existing levels of constituent service, insuring a more efficient and effective application review process for the regulated community. As required by statute, MDE convened a Work Group consisting of interested stakeholders in September 2011 to review and assess whether the Program successfully improved the level of service to the regulated community as a result of the new fees. The criteria used by the Work Group to evaluate the success of the Program included: establishment of new positions; improvement in application turnaround times; reduction of the application backlog; and development of enhanced services for the regulated and environmental communities. The consensus of the Work Group was that MDE successfully met the intent of the law through the

following accomplishments: (1) increased staffing levels consistent with the intent of the 2008 law by creating 34 new positions; (2) improved permit turnaround time so that the Wetlands and Waterways Program now meets its published turnaround times over 90 percent of the time; (3) eliminated the permit application backlog; and (4) provided enhanced services to the regulated and environmental communities

FY 2024 Revenues: \$3,769,777.56

Additional Information

WETLANDS AND WATERWAYS PROGRAM

Application Fee Schedule and Guidelines

A JOINT FEDERAL/STATE APPLICATION FOR THE ALTERATION OF ANY FLOODPLAIN, WATERWAY, TIDAL OR NONTIDAL WETLAND IN MARYLAND is required for all proposed projects not explicitly exempted in COMAR

FEE EXEMPT PROJECTS (APPLICATION REQUIRED)

WETLANDS AND WATERWAYS PROGRAM

TYPE OF ACTIVITY

- A) 1 Any activity proposed by the State, a municipal corporation, bi-county or multi county agency
- B) 2 Performance of agricultural best management practices approved by a Soil Conservation District
- C) 3 Performance of forestry best management practices prepared by a registered forester and approved by a Soil Conservation District.
- D) 4 Stream restoration, vegetative shoreline stabilization, wetland creation, or other project in which the primary effect is to enhance the State's wetland or water sources.
- E) 5 Aquaculture activities for which DNR has issued a permit under Title 4, Subtitle 11A of the Natural Resources Article

FEE SCHEDULE A - NONTIDAL WETLAND AND WATERWAY PROJECTS

ACTIVITY	ACTIVITY PARAMETERS	APPLICATION REQUIRED	APPLICATION FEE REQUIRED
Non-habitable structure (ex. driveways, decks, pools, sheds, or fences)	Permanent impacts ≤ 1,000 square feet	YES	\$300
In-kind repair and replacement of existing infrastructure in nontidal wetlands. (Infrastructure is defined as: the structures such as roads, bridges, culverts, utilities, etc. that supports the general public and do not meet the definition of a residential activity)		YES	\$500
Structural shoreline stabilization, including in-kind repair or replacement of existing infrastructure, located on or adjacent to a State-owned lake		YES	\$250

Note: Fees are not additive; use the highest fee for the activity(ies) proposed.

(If the proposed nontidal wetland and waterway activity is not listed in this table, then use FEE SCHEDULE C)

FEE SCHEDULE B - TIDAL WETLAND PROJECTS

Fees are not additive; use the highest fee for the activity(ies) proposed.

(If the proposed tidal wetland activity is not listed in this table, then use FEE SCHEDULE C)

ACTIVITY	ACTIVITY PARAMETERS	APPLICATION REQUIRED	APPLICATION FEE REQUIRED
Replacement Bulkhead	Replacement bulkhead is proposed ≤ 18 inches channelward of the existing, functional(1) Bulkhead	YES	\$500.00
Platform and/or finger pier	Platform Fixed or Floating on an existing functional(1) pier Total area of all proposed platforms is ≤ 200 square feet(2) Finger pier	YES	\$300.00 (To meet the application fee total area of all proposed platforms and finger piers is ≤ 200 square feet)
Mooring piles	≤ 6(4)	YES	\$300.00
Boat lift/hoist or Personal Watercraft Lift	Installation of pilings associated with lift	YES	\$300.00
Installation of a boatlift or personal watercraft lift on existing pilings	No new outer piling to be installed	YES	NO FEE (No other activity is proposed)
Construction of a Living Shoreline(5)		YES	NO FEE (No other activity is proposed)
In-kind repair and replacement of functional structures located within jurisdictional tidal wetlands.(6)		NO	NO FEE

Notes:

1 "Functional" means performing at least 85 percent of the action that a structure was originally designed to perform (COMAR 26.24.01.02(20)).

2 COMAR 26.24.04.02B(3). Total platform space of existing and proposed platforms must be ≤ 200 square feet. 3 COMAR 26.24.04.02B(4)

4 COMAR 26.24.04.02B(2)(c)(v)

5 Construction of a Living Shoreline must be the only activity proposed on the application; otherwise the appropriate fee for the other proposed activities shall apply.

6 Must adhere to the definitions found in COMAR 26.24.01.02B(20)(24)(45). No increase of width, length, or height of the existing, previously authorized or "grandfathered", functional structure.

FEE SCHEDULE C

ACTIVITIES NOT FEE EXEMPTED OR DESCRIBED IN FEE SCHEDULE A OR B	AREA OF IMPACT	APPLICATION FEE REQUIRED
MINOR PROJECT(1)(3)	<5,000 SQUARE FEET	\$750.00
MAJOR PROJECT(2)(3)	<1/4 ACRE	\$1,500.00
	≥ ¼ ACRE TO < ½ ACRE	\$3,000.00
	≥ ½ ACRE TO < ¾ ACRE	\$4,500.00
	≥ ¾ ACRE TO < 1 ACRE	\$6,000.00
	≥ 1 ACRE	\$7,500.00/ACRE
MINOR MODIFICATION(3)(State Authorization has been issued and is currently active, the complete project meets the definition of minor project)	<5,000 SQUARE FEET	\$250
MAJOR MODIFICATION(3)(State Authorization has been issued and is currently active, the complete project meets the definition of major project)	≥5,000 SQUARE FEET	\$1500

Minor projects include the following:

- A) Projects proposing to impact less than 5,000 square feet of wetlands, waterways, including the 100-year floodplain.
- B) A project that proposes residential activities:
 - 1) Residential Activity means a noncommercial activity that is conducted on residential property
 - a) Residential Property means improved property that is used primarily as a residence or unimproved property that is zoned for use as a residence. Includes:
 - (1) Property owned by a homeowner's association
 - (2) A condominium
 - b) A Residential Property does not include:
 - (1) A commercial building
 - (2) A marina
 - (3) A residential apartment complex or building 3 Mining Activities
- C) Major Projects include the following:
 - A) A project that proposes to permanently impact 5,000 square feet or more of wetlands or waterways, including the 100 year floodplain.
 - B) A project that is located in an area identified as potentially impacting a nontidal wetland of special State concern.
 - C) A project that requires the issuance of a public notice by the Department.
 - D) Maintenance of previously authorized activities or structures that are not already exempted are not considered new permanent impacts for purposes of the application fees and are not subject to fees above the minimum for Minor or Major Project categories (\$750 or \$1,500). Modification fees apply.
- E)

TIDAL WETLAND ACTIVITIES REQUIRING A PUBLIC NOTICE

ACTIVITY	ACTIVITY PARAMETERS
New bulkhead	> 300 linear feet and/or > 10 feet channelward of the mean high water line
Replacement bulkhead	> 18 inches channelward of the existing bulkhead or > 10 feet channelward of the existing bulkhead when a stone toe protection is included
Revetment projects	> 500 linear feet and/or > 10 feet channelward of the mean high water line
Living shoreline/marsh creation	> 500 linear feet and/or > 35 feet channelward of the mean high water line
New stormwater discharge	Discharge within the critical area
Dredging projects	> 1,500 square feet and/or > 100 cubic yards of material
Boat ramp	> 12 feet wide and/or are > 30 feet channelward of the mean high water line
Groin, Jetty, Breakwater	N/A
Any other activities substantially affecting tidal wetlands as required by law	N/A

Application on marginal land	\$350
Construct & operate a permanent facility other than an incinerator	\$350
Disposal at a sanitary landfill	\$350
Minor modifications	\$40
Substantive modifications	\$130

ADDITIONAL DISCUSSION

The Sewage Sludge Utilization permit fee is set by regulation and complements the Annual Generator fee to support the operating expenses of the sewage sludge program within the Land Management Administration. The fees are levied at varying rates, depending upon the type of permit.

Generator Fee

The fee charges for generators of sewage sludge vary dramatically by the amount of sludge generated and the category of the permittee. Essentially, the fee for a sewage sludge generator in Maryland is calculated as a base rate of \$1 per wet ton of sewage sludge, which is then multiplied by an adjustment factor from 0.3 to 1.55 based on the classification of the sludge and the activity of the permittee. Basically, the fee is set to reflect the hazard and regulatory effort caused by the permittee.

Note: Renewals are charged the same fee amount as new permits

Additional Information

Electronics Manufacturer Registration fee

This fee applies to all electronics manufacturers that manufactured an average of more than 1,000 covered electronics devices per year in the immediately preceding three year period. This is an annual fee with the first yearly payment due by January 1, 2007. The fee is:

- A) \$10,000 for the initial registration by the manufacturer;
- B) \$5,000 for each subsequent annual registration by a manufacturer that did not have an implemented electronics take back program in the prior year; or
- C) \$500 for each subsequent annual registration by a manufacturer that had an implemented electronics take-back program in the prior year. The Statewide Electronics Recycling Pilot Program, which requires these fees, became a permanent program October 1, 2007

STATE FEES AND CHARGES

Additional Information

The maximum fee placed on the sale of new tires is set by legislation. The specific rate is set by the Board of Public Works (BPW). The statutory limit was initially set at \$1.00 per tire, and the BPW set the fee at this limit. In 2000 the statutory limit was reduced to \$0.40 per tire and the BPW set the fee at \$0.40. In 2004 the statutory limit was restored to \$1.00 per tire. The fee remained at \$0.40 until the BPW increased it to \$0.80 per tire effective April 1, 2005.

STATE FEES AND CHARGES

Additional Information

The Oil Disaster Containment, Cleanup and Contingency Fund has been established by the Department of the Environment to support response and clean-up remedies for oil spills and preventative permit and inspection program for petroleum transportation, transfer and aboveground and underground storage in the State.

The Oil Contaminated Site Environmental Clean-Up Fund was established by the Department of the Environment to provide financial assistance to owners of underground storage tanks and above ground residential heating oil tanks. Applications, as of July 2005, are accepted only for heating oil clean-up. Of the \$.08 collected per barrel of oil, \$.0025 per barrel is allocated by legislation to fund this program.

April 2006, fees for certification of third party inspectors to conduct environmental compliance audits and inspections of underground storage tank systems were established. MD Department of the Environment.

STATE FEES AND CHARGES

Additional Information

FACILITY PERMIT FEES

The rate for facility permit fees is determined by the Department, according to guidelines established in §7-237 of the Environment Article. This Section states that the rates of the fees should be set on the basis of the following criteria:

The threat to the environment posed by the particular controlled hazardous substance. The anticipated cost of monitoring and regulating the facility.

The anticipated needs for program development activities relating to the management of controlled hazardous substances.

The anticipated cost of removing and properly disposing of any controlled hazardous substance that may escape from the regulated facility

The law determines the criteria for the setting of fees. Fees are established or amended in regulation

Hauler's and Driver's Certificates

The Department has authority to set the rates of these fees, with a maximum set in law. The statutory provisions are as follows:

Type of Certificate	Citation	Maximum Fee	Current Fee
Vehicle Certification		§7-252(a)	\$50 \$50

Note: As both of the fees are currently set at their maximum rates, a statutory change would be required to increase their rates.

Additional Discussion

With legislative direction, the fee-setting structure for Controlled Hazardous Substance facility permits is specifically determined by regulation. The system of determining the fee for a particular facility (as detailed on the previous page) is based on a combination of the costs to regulate the facility and the potential harm caused by the facility

The direct costs of permitting activities are supported by special and federal fund revenues as well as general funds. Other necessary activities are supported by general fund subsidies

ADDITIONAL DISCUSSION	

These fees are used for implementing and managing the Lead Accreditation and Training Program as established in the Maryland Annotated Code.

These fees are used for operation in the following areas:

- A) receiving and processing applications
- B) review and auditing training courses
- C) reviewing inspection protocols
- D) providing management and oversight
- E) issuing certification and accreditation

NOTES:

Supervisors and inspectors applying to become contractors will not need to submit additional fees.

Contractors will not need to submit additional fees for additional accreditation. All accreditations will expire using the date of the first accreditation.

The Training Provider fee is an annual fee. All other fees in the above schedule are biennial fees

Air Quality Construction Permit and Operating Permit Fees Environment Article {2-403, COMAR 26.11.02.16-.19.

Rates: Permit to construct rates are application-specific, and are defined in regulation (COMAR 26.11.02.16-.19). The fees range from \$100 to \$20,500, based on the type of permit.

Permit to operate fees are governed by statute and were amended in 1992 and again in 2008 to comply with requirements of the Federal Clean Air Act Amendments of 1990. Beginning in calendar year 1997, emission based fees have been adjusted in accordance with the Consumer Price Index. The revised fee schedule (see table below) has led to a significant enhancement in revenue to support the costs of achieving federal goals.

CY	Fee
1993 - 2006	Range from \$15/ton to \$39.48/ton of regulated emissions
2009	\$52.13/ton-\$500,000/cap –
2010	\$52.23/ton/No cap
2011	\$53.00/ton/No cap
2012	\$54.29/ton/No cap
2013	\$55.70/ton/No cap
2014	\$56.63/ton/No cap
2015	\$57.53/ton/No cap
2016	\$57.79/ton/No cap
2017	\$59.42/ton/No cap
2018	\$58.27/ton/No cap
2019	\$60.86/ton/No cap
2020	\$62.01/ton/No cap
2021	\$62.92/ton/No cap
2022	\$64.81/ton/No cap
2023	\$69.79/ton/No cap
2024	\$73.58/ton/No cap

The Maryland Clean Air Fund was established to support the Department's efforts to maintain the degree of purity of the air necessary to protect the health, the general welfare, and property of the people of Maryland. Special fund revenue to the Maryland Clean Air Fund is derived from fees, licenses and penalties, and funds received from the Strategic Energy investment Fund.

Chapter 358 of the Acts of 1993 has replaced the old system of industry-based operating permit fees in favor of emission-based permit fees for stationary source polluters. The new fee schedule is intended to meet federally-designed "presumptive minimum" funding levels. The breakdown of the total special fund revenue sources to the Maryland Clean Air Fund is as follows:

- A) Clean Air Act Title V Operating
- B) Permits
- C) Non-Title V Operating Permits
- D) Construction permits
- E) Asbestos Licenses
- F) Asbestos Training Fees
- G) Penalties
- H) RGG1
- I) Certification Fees

The Department revised regulations in order to implement the permit fee increases provided by Senate Bill 442 Clean Air Permit Fees which was signed into law on April 24, 2008. The revised fee schedule under COMAR 26.11.02.19B became effective October 1, 2008. The specific changes were as follows:

- A) The maximum air quality emissions-based fee was raised to \$50 per ton. This emissions-based fee will be adjusted in January of each calendar year by the percentage change, if any, of the Consumer Price Index (CPI) for the most recent calendar year exceeds the CPI of the previous calendar year, as calculated as of the close of the 12-month period ending on August 31 of each calendar year
- B) The 4000 ton per year limit on a single pollutant was repealed

The Department revised regulations in August 2013, that raised the annual base fee for large air pollution sources in Maryland that are required to obtain a Title V Permit or State Permit to Operate. COMAR 26.11.02.19 was revised to raise the annual base fee from \$200 to \$5000 for federal Title V permit sources, from \$200 to \$1000 for synthetic minor State permit to operate sources and from \$200 to \$500 for all other State permit operate sources

The State's air pollution control program also is funded from sources other than the Maryland Clean Air Fund including General Funds, Special Funds, Federal Funds and Reimbursable Funds.

NOTE: All biennial fees invoked in annual installments. Only the annual fee amounts are shown

ADDITIONAL DISCUSSION

The Department of the Environment supports its Radiological Health Program primarily with fees levied on persons or firms possessing and using radiation machines and radioactive materials.

The fee to cover the costs of inspecting and regulating each dental radiation machine is established in the Maryland Code. All other types of fees are established by regulation, designed to cover the costs of the Department in issuing licenses, registrations, certifications and to regulate the use of the machines or materials.

Fees are charged annually to two groups of Radioactive Materials users. An annual fee is charged for users holding a Maryland Radioactive Material License. An identical fee is charged to an out-of-state user working in Maryland, under reciprocal recognition of the U.S. Nuclear Regulatory Commission Agreement. Other fees apply to Sealed Source and Device registration and to annual general license fees.

THE SCHEDULE FOR EACH FEE IS AS FOLLOWS. EFFECTIVE 1/1/2024 AS ADJUSTED FOR CPI.

STATE FEES AND CHARGES

Additional Information

The State Police licenses repair facilities as inspection stations. Upon receipt of an application and a non-refundable fee, the State Police will inspect the facility as to its ability to inspect and correct equipment, and if qualified issue to it a license as an inspection station. The fee is to offset the administrative costs associated with the licensing process. The revenues from the fee are credited to the general fund.

ADDITIONAL INFORMATION:

The State requires that all private detectives and private detective agencies be licensed by the state police. The State also requires that security guards acquire licenses and that all agencies providing security guards acquire a Security Guard Agency License. In order to offset the cost of these licenses, the State charges license application and renewal fees. These fees are credited to the general fund.
